

A family of four is riding horses through a field of tall grass and shrubs at sunset. The father is on the left, wearing a cowboy hat and a plaid shirt. The mother is next to him, wearing a dark jacket and a baseball cap. Two children are riding behind them, also wearing cowboy hats. The background shows a range of mountains under a warm, orange sky.

PROTECTING WHAT MATTERS MOST

HJR4 keeps our neighborhoods safe, our schools secure, and our children protected from rising drug abuse.

Protect Idaho's Families.
Vote *YES* on HJR4

HJR4 Constitutional Amendment Q & A

What would HJR4 do?

HJR4 would Protect our Children, our families and our communities! HJR4 amends the Idaho Constitution by codifying the process of drug scheduling already in place at the legislature. HJR4 keeps our neighborhoods safe, our schools secure, and our children protected from rising drug abuse.

Why is HJR4 needed?

Because of the predatory nature of the drug industry. In neighboring states, this industry has spent over \$100,000,000 through campaigns and the ballot initiative process to legalize psychoactive drugs to enrich themselves by preying on citizens' addictions. This has resulted in devastating impacts on their communities with increased addiction, crime, drug cartel presence, human trafficking, impaired workers and drivers and has resulted in direct harm to children and families.

Does this reduce the voting rights of Citizens?

No. This amendment is an exercise in the right of our citizens to vote to preserve the future well-being of our citizens and communities.

Does this amendment do away with the initiative process?

No. This amendment only restricts the initiative process from amending state law pertaining to illegal drugs. This amendment does not restrict initiatives in general.

Does this amendment increase the rights of the legislature?

No. The passage of this amendment does not increase nor decrease the legislature's power. This amendment stops special interest groups and out-of-state drug money interests from using the initiative process to pass drug policy to promote their own interests.
